

# UPGRADE WHEN YOU REPLACE!

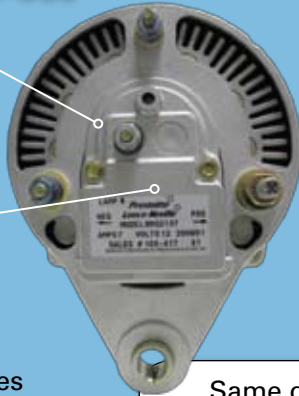

The Leece-Neville 110-444 is an upgrade from the Delco 22SI™ and a direct replacement!

**New!  
Improved!**

**New!**  
**New!**  
**New!**  
**New!**

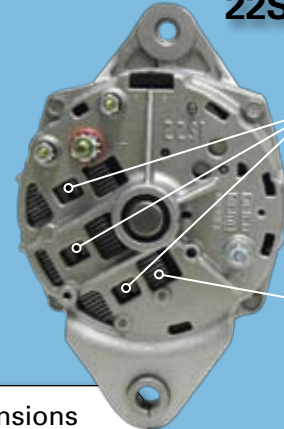

## Us 110-444

- Solid lead frame, welded high temp Avalanche diodes
- Larger heat sink
- Sealed brush box assembly increases durability
- Runs 5-10°C cooler internally at higher external temperatures
- All wiring connections are now internal
- Upgraded heavy duty bearings
- Weight reduced by 1/2 lb.
- Vibration tested to meet Class 8 Heavy Truck requirements
- Manufactured in Arcade, NY USA

## Them 22SI™

- Openings that allow the ingress of dust, dirt and grime
- Internally installed rectifier assembly doesn't cool as efficiently
- Brush box not sealed
- Manufactured in Mexico

Same dimensions  
Drops right into place!  
Temperature rating raised  
from 94°C to  
110°C (230°F)

Leece-Neville	Delco Remy
110-444 (150A)	19020309 (130A)
	19020310 (150A)

**150 Amp**  
**1 Year Warranty**  
**New! Not remanufactured**

- More cost effective!
- Fewer models to stock, greater versatility!
- Upgrade when you replace!
