

39MT™

Heavy-Duty Planetary Gear Starter All-Makes Coverage With Only 5 Part Numbers No Cores, New Service Program

With only five part numbers, the new Delco Remy 39MT program covers all makes of heavy-duty truck engines. That means reduced inventories and selling efficiencies that can't be matched. And because it's made by Delco Remy, the 39MT program features enhanced engineering that your customers are going to love.

Features like:

- Upgraded brushes for increased performance and torque.
- A new drive system that's more resistant to high impact loads.
- Over-Crank Protection (OCP) standard on all models.
- Integrated Magnetic Switch (IMS) that can be repositioned to ensure a comfortable OE fit.
- Solid-link solenoid prolongs service life by eliminating contact disc welding in low-voltage situations.

Best of all, the industry's best heavy duty planetary gear starter is now backed by the industry's best warranty.

3-Year/Unlimited Mileage Warranty
